When it Comes Time to Sell, Let our Success be Your Success!

Whether your collection is worth \$5,000, \$50,000 or more than \$50,000,000, the same expertise that showcased the world's most valuable collections will showcase your coins as well. Consider the following:

Four of five of the most valuable United States coin collections were sold by Bowers and Merena Galleries; in first place, the Eliasberg Collection for \$44,900,000, followed by the Harry W. Bass, Jr. Collection at \$38,000,000, the Garrett and Norweb Collections were also sold by our firm and rank as the third and fifth largest United States collections ever sold.

Of the top five world record prices for U.S. coins, Bowers and Merena Galleries has sold three—including the most expensive coin ever sold, the 1804 dollar for \$4,140,000. During the 1996-2000 period, as published in *Auction Prices Realized*, Bowers and Merena continued its success of record holding prices realized with six records in the top 10 and 18 in the top 50!

Over 50,000 active customers and growing! Our affiliation with Collector's Universe, owner of the many high-end collectibles companies, provides us with the most important and largest list of collectors ever assembled who will be invited to bid on your coins. And, let's remember that the same bidders and buyers who set world record prices in the past, will be competing for your collection as well!

Highly respected numismatists of world renown. Q. David Bowers is one of the most successful and respected numismatists of our time. Dave has received more numismatic awards and honors than any other in his field, has served as President of the ANA and the PNG and is the only person who has ever held both of these esteemed offices. In addition, he is the author of dozens of numismatic books. Joined by Rick Bagg, Tom Becker, Mark Borckardt, John Kraljevic, John Pack, Beth Piper, Frank VanValen, and Gordon Wrubel, we have expertise and decades of experience in every area of numismatics. In fact, we have handled every coin in *A Guide Book of United States Coins*, America's standard reference source for U.S. coin prices.

Awards, awards and more awards. Each year the Numismatic Literary Guild gives awards for auction catalogues, books and publications. We have received more such awards than any other rare coin company in history.

Our next prestigious auction is waiting for your collection. You can take advantage of the same expertise, the same track record, and the same quality of cataloguing, all for a low commission rate that you will find to be very competitive. It makes sense to have the most prestigious rare coin auctioneer handle your collection. Dave Bowers

will personally supervise and participate in the showcasing of your collection or individual rarities, while the entire Bowers and Merena Galleries staff will lend expertise and enthusiasm. And, we can offer you an immediate cash advance against your consignment while we showcase your coins to their finest advantage.

Our auction schedule in 2002 is bursting with opportunity for you to consign your rare coins and currency. To reserve a place for your material call Rick Bagg or John Pack today at 800-458-4646. It may well be the most financially rewarding decision you have ever made.

USING YOUR 2002 NUMISMATIC DEALER DIRECTORY

Your **2002 NDD** provides two ways to look-up coin dealers. The first section is a cross-referenced, alphabetical listing by last name or company name (CAPITALIZED listings). Personal names are followed by their state & company name. When the company name is the same as the numismatist's name, you will be able to locate them either way. For example, Julian M. Leidman will have two cross-references: 1) Under **J**, look for "JULIAN M. LEIDMAN" to find the company name, state, & telephone number; and 2) Under **L**, "Leidman, Julian M., MD, Julian M. Leidman" gives you his personal name, his state, his company name, and telephone number.

The second section is arranged by state, and therein alphabetically by *company* name (names such as *I-A Coin Co.* or *A&B Coin Co.* start each new state). If you know the state & *company* name, those listings contain the full mailing address and telephone numbers. When an individual's name is also the company name, **keep in mind that the listing will be alphabetical using the first name**. For example, the address of the *company* "Julian M. Leidman" can be found in Maryland under the first letter "**J**". Within the second section, we have highlighted our advertisers with blue ink. We encourage you to read all advertisements; they contain important information, and this directory would not be possible without their support. These leading dealers are sure that this directory will be one of your most useful numismatic tools. The advertising index will direct you to the various advertising categories. The cross-references in red ink will direct you to advertisements under related categories.

We hope that you find the **2002 Numismatic Dealer Directory** to be a useful tool throughout the year. And please don't forget to send in any updated information as soon as possible. If you do not refresh your information, you may be deleted from future issues. Also, please delete any persons no longer employed by your company.

PUBLISHER'S STATEMENT OF COPYRIGHT & LIMITATION OF LIABILITY

Reproduction of any part of the **2002 Numismatic Dealer Directory** without written permission of the **Coin Dealer Newsletter** is a violation of copyright law and is specifically prohibited. The **CDN** will strictly respond to any and all violations of the **CDN** copyright.

Every precaution has been taken to avoid errors and omissions in the **2002 Numismatic Dealer Directory**, both in the directory listings and in the display advertisements. The **Coin Dealer Newsletter** expressly rejects any liability for errors in the listings due to incomplete, inaccurate, or omitted information. If you do not refresh your information by responding to our mailings, you may be deleted from future issues. The **2002 NDD** listings have been updated to the best of our ability based upon your returned cards, plus the most recent public data available. If your name was removed from the **2002 NDD**, you will need to submit a listing request form (found in the directory) to be reinstated in the database. If any listing is incorrect, please notify us as soon as possible so that we can update our files. This will also help you — should we receive an inquiry, we can provide the corrected information. Please send us one of the listing request forms whenever your information changes — and remember that many new telephone Area Codes are being created.

Every precaution has also been taken to correctly include all display advertising. Should any error have occurred, an advertiser is limited in recovering for any loss or omission to a pro-rata abatement of the charge paid for such advertising in the proportion that the error reduces the value of the entire advertisement. In no event shall such recovery exceed the amount paid to the **Coin Dealer Newsletter**. An advertiser can substantially avoid the risk of errors or omissions by submitting camera-ready copy, which we encourage for all display advertising.

Note to consumers: The **2002 Numismatic Dealer Directory** has been prepared for the dealer community. As consumers, only you can decide what services or products best meet your needs. The inclusion of any dealer, either in the listings or advertisements, is *not* an endorsement of the individuals concerned, their companies, business practices, services, or products. Furthermore, you should be aware that advertisers are subject to various local, state, and federal laws and regulations; the enforcement of such laws and regulations is the responsibility of the appropriate agencies.

The Coin Collector's Survival Manual – Fourth Edition
by Scott A. Travers

BEFORE YOU MAKE YOUR NEXT COIN PURCHASE, TAKE A COMPLETE COURSE IN COIN BUYING AND SELLING FOR AS LITTLE AS \$18.95.

"This is the book about the coin business you can't afford to be without." - **NEWSWEEK**

"One of the most important coin books ever written." - **The New York Times**

"Should be read before a single coin is bought - and read again and again!" - **Coin World**

UNPRECEDENTED SIX-TIME NUMISMATIC LITERARY GUILD AWARD WINNER

Traditionally, learning a lesson in the rare coin market has been very expensive. You would buy a coin for \$500, find out later that it was worth only \$50, and, thus, you would have to pay \$450 to learn just one lesson. But now, thanks to the fourth edition of *The Coin Collector's Survival Manual*, by Scott A. Travers, you no longer have to pay a fortune to learn about how to buy and sell coins profitably.

This thoroughly revised edition examines the coin field from an insider's perspective and continues to break new ground in revealing the ins and outs of coin collecting and investing. Excellent photographs and detailed charts amplify the encyclopedic, clearly written, meticulously organized text. You'll learn about the following:

- How to look at coins the way the professionals do
- How to determine what a coin is worth and what grade the leading certification services would assign to it
- How to spot slight friction on otherwise "Gem" coins
- How to tell the difference between proof and prooflike
- How lighting affects appearance—and the latest in halogen flashlights
- Altered and counterfeit detection techniques
- How to judge price guide accuracy
- Selecting and testing a coin dealer

- How not to get ripped off if you buy coins through the mail or over the Internet
- Profitable - and not-so-profitable - liquidation techniques
- How to buy and sell at conventions like the pros do
- How to spot a cleaned and artificially toned coin
- How to choose a non-destructive coin holder and safe—as well as the right storage method
- A review of some Internet web sites, with a legal analysis
- Requirements of the FTC telemarketing act
- The real facts behind the toning corrosion controversy

SPECIAL SECTIONS ON:

- Doctored coins, how to detect them, and the case of the doctored hoard of gold rarities that got slabbed
- The real truth about slab services "fixed grading standard" claims and premium quality coins
- Revelations from a leading coin trader
- A grading service founder's startling admission of modified grading standards
- The newest tax laws

NEW information in the fourth edition:

- Courageous information about on-line auctions—no other numismatic author has ever been as bold in exposing Internet scams!
- A comparison of PCGS versus NGC—which service does the market really favor?
- Stunning exposé and bombshell interview on coin "doctoring"
- Special full-color section on artificially toned and doctored coins and much, much more!

Order your copy of *The Coin Collector's Survival Manual - Fourth Edition*. 284 pages, dozens of sharp illustrations. (black & white and full color). For the price of \$18.95, you can make a mint.

How Did Smythe Get Double and Triple Greysheet for Many of the Certified & Uncertified Coins in Our Nebraska IV Sale?

The following 16 coins are highlights from a recent R.M. Smythe Coin auction held at the Algonquin Hotel in New York City. The "Nebraska Part IV" (along with other major consignments) set numerous records as bids were often shouted from the auction room floor. Phone bids that came from as far as California were also executed during the 8-hour, 1,070-lot sale.

HOW DID WE DO IT? It wasn't easy. We carefully catalogued every coin, illustrated the feature items using digital photography, and showed the lots in New York. We made the dealers and collectors who came to the auction feel right at home, and we provided telephone bidding for those who couldn't be there in person. Our buyer's charge is still just 10%.

If You Are Thinking Of Selling, You Owe It To Yourself To Speak To Us

We'll do everything we can to get you great results, and do it in a warm, friendly atmosphere. WE CAN CREATE A LEGEND FOR YOU

- ★ Legend Numismatics carries an extensive inventory of PCGS & NGC certified coins: 1/2¢ thru Gem Proof \$20. In 2001 we offered over 8,000 coins worth more than \$40.1 million dollars in Opportunity Knocks, our monthly newsletter and website.
- ★ Last year we located and placed \$6.20 million dollars worth of coins for our want list customers.
- ★ Members of Legend Numismatics personally attend every major show and auction that is held.
- ★ Members of Legend Numismatics' staff have experience of over 27 years as full time coin dealers. Few other firms have the experience, abilities and contacts equal to Legend.
- ★ Quality is our obsession. We know you can't build a great collection without it!
- ★ We don't mess around. We've seen other dealers who make outrageous claims, play games, and B.S. the customer. That's not Legend. Repeat business/true loyalty is what we're about. We have the record to prove it!
- ★ Your business is important to us. Whether it's building your dream collection or just adding a coin to a set, Legend Numismatics is 100% committed to helping you attain your goals and making your numismatic experience with us both enjoyable and rewarding.

"My father and I are what I like to call modern day treasure hunters. We place rare and beautiful U.S. coinage into our client's portfolios and personal museums. Today's collector is interested in investing in assets where years down the road they can see solid returns. Certified rare coins are a strong area to be involved in. Also consider that these coins are historical monies that can be passed on to our future generations."

3 MORE REASONS WHY NGC IS THE UNDISPUTED LEADER IN THE COIN GRADING INDUSTRY

The Certified Coin Registry

The Registry offers a dynamic system for collectors to enjoy friendly competition while assembling remarkable collections. The Registry's fair, expert and numismatically accurate ranking system is truly unique. It accounts for several important factors including grade, rarity, population and the NGC "star" designation for exceptional eye appeal. Accepting coins from the two relevant grading services NGC and PCGS, the Certified Coin Registry is the most inclusive program of its kind. Visit Collectors-Society.com for more information.

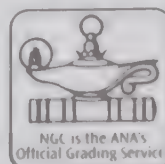

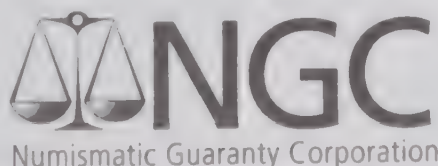

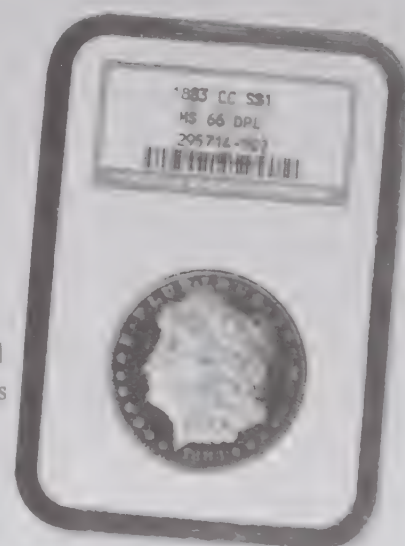

NGC's New Website

Visit NGCcoin.com to experience the most comprehensive numismatic website available. You will find the industry's only free access to Census information, spectacular images of coins graded by NGC and all the latest news. The new and improved NGC website is an invaluable tool for dealers and collectors alike.

The Industry's Best Holder Gets Even Better!

From NGC you've come to expect the most consistent grading the industry has to offer. Now we would like to introduce to you the perfect complement, NGC's **next generation holder**. Over two years of thorough research and development has resulted in the ultimate holder for certified coins. The highest quality, hermetically sealed materials create a solid barrier between your coins and the elements that can harm them. Now even more reason to make the #1 grading service your first choice. For more information call NGC Customer Service 1(800)NGC-COIN.

The **PCI** Capsule...

☒ \$10⁰⁰ PER COIN

☒ 5-DAY SERVICE

Tells why more people
are turning to **PCI**

☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ PCI recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5+, & 6 steps for Jefferson nickels, DM (deep mirror), DMPL (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute PQ (premium quality) to those coins that qualify.

☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).

☐ PCI offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of \$10⁰⁰ per coin, plus postage and insurance.

☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!

After our 13th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service!!

CERTIFIED COIN DEALER newsletter

"Small Gold" Hot At Long Beach Expo
Two California Auctions Total \$10 Million

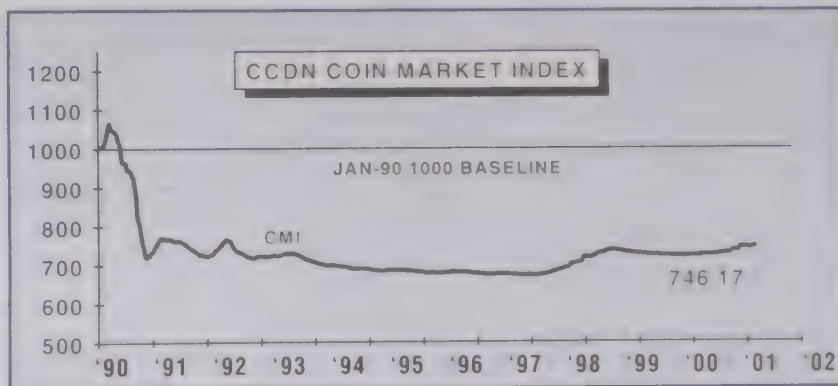

The **Certified Coin Dealer newsletter** ("Bluesheet"), published by the Coin Dealer Newsletter (est. 1963), is the only price guide available listing the wholesale bid levels of coins certified by the Professional Coin Grading Service, Numismatic Guaranty Corporation, ANACS, PCI, INS and NCI. Published weekly, the "**Bluesheet**" reports the highest known bids on actively traded certified coins in the standard grades of Mint State and Proof. Prices are constantly updated for the most popular series and issues graded by the leading services. Bids for PCGS and NGC are reported every week; Bids for other services are updated monthly. And once each month the **CCDn** also contains the **Asksheet** listings - at no extra charge!

Over the past ten years, the certified market has been very active. The volatility that characterized the sight-unseen market has been replaced by more stable price movements, attracting a new generation of col-

lectors. As our **CCDn CMI** (a weekly **Bluesheet** feature) illustrates, the overall market is stabilizing. In addition to pricing changes in the market, Bid levels may differ considerably from one service to another.

The **Bluesheet** reports dealer bid levels for sight-unseen coins. Dealers may pay even more depending upon their needs, but remember, pricing changes are an enduring characteristic of the coin market. Bids can increase or decrease dramatically; without current market information, making informed buying or selling decisions is impossible. You need the **Bluesheet** now!

The PCI Capsule...

- ☒ \$10⁰⁰ PER COIN
- ☒ 5-DAY SERVICE

Tells why more people
are turning to **PCI**

☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ PCI recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5+, & 6 steps for Jefferson nickels, DM (deep mirror), DMPL (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute PQ (premium quality) to those coins that qualify.

☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).

☐ PCI offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of \$10⁰⁰ per coin, plus postage and insurance.

☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!

After our 13th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service!!

Need to contact America's leading numismatic dealers? Make your advertising and postage dollars count with America's best dealer listing. The company name and numismatist sections of the

2002 Numismatic Dealer Directory™

are available for rental. Since the Directory is fully copyrighted, this is your only source for this proven list of approximately 5,000+ current names and addresses. And **current** is a promise taken seriously - the data base is updated **daily**. All for only \$325 - well below the mailing industry standard of \$75/thousand.

To make this offer even more attractive, labels are available in both First Class order or Presorted for Basic Bulk Rate mailings (you can save more than \$425 over First Class postage rates!). Need just one state or region? Need a trial sample? Contact us for details!

YES, I want to order mailing labels averaging 5,000+ names from the 2002 Numismatic Dealer Directory. I understand that my \$325 fee entitles me to only one usage of these names. _____ signature

Three Good Reasons To Read This Ad

the COIN DEALER newsletter

The Greysheet

(as the Coin Dealer Newsletter is often called) has been the standard wholesale pricing-guide of the coin industry since 1963. It is an up-to-date reporting of dealer-to-dealer Bid/Ask prices on rare coins, from the earliest through the most recent issues. For 38 years we have given our subscribers the most comprehensive and unbiased report on the entire coin market, with all the facts necessary to make informed buying and selling decisions. The CDN is published weekly to enable you to keep pace with often dramatically changing price levels. Plus, your subscription includes FREE Monthly and Quarterly supplements. All coin dealers have discovered how invaluable the "Greysheet" is.

The Bluesheet

The same independent, unbiased professionalism that has brought you the *Greysheet* for 38 years, brings you the ultimate price guide for the certified coin market. The *Certified Coin Dealer newsletter* reports the highest known Bids of actively traded PCGS, NGC, ANACS, PCI, NCI, & INS coins. The CCDn brings you an intensive look at the certified coin market and the variables in price structure among the industry's leading grading services. As an extra bonus for subscribers, the "Bluesheet" incorporates the CCDn ASKSHEET, reporting monthly on Lowest Asks or Last Trades. Now you have all the information you need to make informed buying and selling decisions.

the CURRENCY DEALER newsletter

The Greensheet

The *Currency Dealer Newsletter* covers dealer-to-dealer Bid/Ask prices on U.S. fractional currency, large size U.S. notes, small size U.S. notes, uncut sheets, small size currency as well as in-depth articles and analyses. This monthly publication is the only up-to-date pricing guide available in today's ever-changing Paper Money market.

An important note about all of our Newsletters:
The publishers of these price guides do not buy, sell or trade coins. In short, there are no persuasive forces that might distort the true market pictures.

"My father and I are what I like to call modern day treasure hunters. We place rare and beautiful U.S. coinage into our client's portfolios and personal museums. Today's collector is interested in investing in assets where years down the road they can see solid returns. Certified rare coins are a strong area to be involved in. Also consider that these coins are historical monies that can be passed on to our future generations."

Each and every day at Albanese Rare Coins we strive to live up to our motto, "Honesty - Quality - Integrity". Honestly, we are a name you can trust for the highest quality rare coins in the marketplace today, along with a level of integrity that you will find quite refreshing.

Since 1991 we have sold millions of dollars worth of rare coins to our satisfied clients. We pride ourselves in delivering the most eye-appealing rare coins available. By attending all the major rare coin shows, we are able to hand select the "Cream of the Crop" for our clients.

Visit our website and you will see that we have handled some of the finest known rare coins in Numismatics.

We are more than glad to meet with you at your leisure to discuss the potential of adding rare U.S. coinage to your portfolio, or on how to further enhance your existing collection. Call us with your special needs, as we have the wherewithal to locate the coins of your dreams... the true numismatic rarities, at the fairest prices in the marketplace today.

The customers of The King of Cash are having another record year! They are receiving funds from Spectrum Numismatics at a record rate, because they know The King of Cash needs more coins than ever for our ever-growing client base. Why are dealers, collectors, investors, and financial institutions coming to us at a record rate?

Same day funds—There's no waiting around with The King of Cash. You will receive *immediate* payment for your coins.

Numismatic expertise—The Spectrum staff has over 150 years of combined numismatic experience. No matter how specialized or diverse your holdings may be, Spectrum knows what your coins are worth.

Financial stability—Spectrum has unlimited funds available for purchasing rare coins. In fact, one of the largest transactions in the history of numismatics was purchased by Spectrum for cash.

The King of Cash buys it all—Our purchases include coins for under \$4 and over \$1,000,000! No matter what your holdings include, Spectrum is interested. It makes no difference if your coins are certified or not. Your coins can be a collection, hoard, dealer inventory, investor lot, family estate, or any other type of property.

Here's what some of Spectrum's satisfied clients have to say: *This is just a note to say "thank you" for the prompt attention*

courteous service, and fair prices I received for the sale of my collection. Mr. Thad Olson is extremely knowledgeable, and I felt at ease and quite confident in dealing with him. His offer was more than 20% higher than I received elsewhere, which was both a pleasant surprise and a wonderful bonus for dealing with your company. I would certainly recommend Spectrum to my friends and associates without reservation.

I was very pleased with your offer. I also appreciated being spared the "critical analysis" most dealers feel they must go through before making an offer. I'm just sorry I didn't try your firm long ago. I'm convinced after my first sale to you that Spectrum is the place to go if you want honesty and fair dealing.

I have done business with Spectrum for the past eight years and every transaction has been totally satisfactory. Whether it was my most recent sale (\$700) or the one in 1995 for over \$100,000 (remember that one?) everyone has been friendly, professional, and fair.

Spectrum has a commitment to customer satisfaction that is unsurpassed in the rare coin industry. Let us help you to realize the most money for your coins. Give us an opportunity to serve you.
